The more important mines are those of Cobar, where the Great Cobar mine produces annually nearly 4000 tons of refined copper. 0 Victoria produced already more wool than New South Wales, the aggregate produce of Australia in 1852 being 45,000,000 lb; and South Australia, between 1842 and this date, had opened most valuable mines of copper .

Use copper in a sentence | copper sentence examples

Copper and Tin are two new ores with IndustrialCraft. They occur in large groups, are about as rare as coal, and can be mined with a stone pickaxe or higher. Copper and Tin have a few uses. Copper can be crafted into wires, with the ability to be insulated using rubber. Combinations of rubber and tin are used in making batteries.
